Remarks:

Receipt of the Notice of Allowance dated September 18, 2006 is acknowledged.
The specification is amended herein to update incorporated patent applications that have now issued as United States patents. Also, claim 21 has been amended to correct a typographical error so that the claim properly states "said control is operable to provide an audible message" to correspond to the language of independent claim 20.

Because the present amendments relate to matters of form only, and do not require any further search on the part of the Examiner, it is respectfully submitted that the amendments are proper for entry and such entry is requested along with a notice of approval of the amendment.

Respectfully submitted,

DAVID W. TAYLOR ET AL.
